

PRINCE STONEMASONS

Testimonials

I wish I could find the words to adequately thank you for the fantastic work you did to complete the inscription on my parents headstone.

My father had the headstone made shortly after my mother's death. That was twenty years ago and what was required now was to add his date of death matching the numbers and paint colour to the originals. I was fully aware that this was not going to be an easy task as every stone mason has their own unique style but neither I nor any of my family could find any difference between the originals and the new numbers you had inserted.

We were all very impressed and I thank you on behalf of my family for your incredible work and craftsmanship. You are a true artist and should we need a stonemason in the future we will not hesitate to contact you.

With kind regards, **Mr. P. Hulcoop**

I was introduced to Alan Prince at Princestones to supply and fit a memorial Stone and full Kerb set in memory of my late son Joshua, I found Alan to be kind, helpful and understanding in every respect.

All of his work is to a very high standard.

Myself and my ex wife are delighted with the stone and how perfect and precisely all the work was carried out .

I highly recommend Princestones for an excellent job at a very reasonable price.

MR C Frecknall

Worthing

My parents grave and headstone has been renovated - cleaned and the lettering re-done and I am very pleased with the result. I had realised the stonework was looking badly weathered and worn and so I approached Alan of Prince Stonemason's. He advised me and undertook the work promptly and I felt the price of the work was very reasonable. I would recommend Prince Stonemason's.

Mrs Clarke

"I am very pleased with my great grandfathers grave, looks like new, very professional, very high standard of work, highly recommended. Very friendly, and we received excellent advice too. xx"

Samantha Davies

"The quality of product is only surpassed by the quality of service we received! Old school craftsmanship with a traditional approach to customer care."
