enjoyed by all

**Scan the QR-Code to Download our  
Digital Business Card**

Your Digital Tribute can be designed with  
Colours and Images that reflect the person  
of whom the card has been created.

Sample Digital Tribute

# *Look for me in the people I've known or loved*

It's a disturbing thought, but the vast majority of what we know and experience in our lives is lost when we die.

From birthdays to wedding, christenings and anniversaries, we plan our life events to reflect who we are. A life well-lived is packed with stories and adventure and shouldn't end with our retirement.

We make a will to ensure that dependants are cared for, **but hardly anyone pays attention to saving their memories.**

It's a sad and shocking waste. All of that experience, all of those achievements, the memories of the people we knew and loved, will all be reduced to a few anecdotal tales.

The passing of a loved one can be difficult enough, and often so many of us are not ready, Dealing with a death takes time.

**Your Loving Memory** has created a platform where, you can invite everyone, wherever they are, to share their thoughts, add personal messages, photos, videos, and memories to an online tribute.

*Creating a nostalgic celebration of a life -  
Remembering them together, from anywhere.*

---

“ Dealing with death can take time, **Your Loving Memory** is more than an online memorial, it's a collaborative space for families and friends to come together to remember the person they love through stories, photos, videos and memories. ”

---

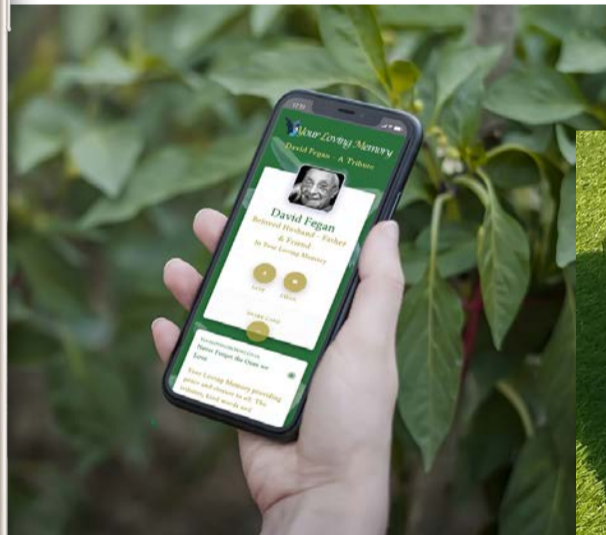

Your Loving Memory Online Digital Tribute allows you to bring together and share all the memories, stories, achievements and parting thoughts from loved ones in one simple, accessible place that allows your memory to live on. This mirror into the past is a portal that can be viewed in the palm of your hand wherever and whenever you want.

Don't let you past die with you, wisdom is such a rare and precious commodity that it should be shared with the rest of the world

Sample Digital Tribute

Technology is now your friend, by using your mobile phone and **scanning a unique QR-Code** that can be embedded on a head stone or plaque in a place of remembrance, it opens a window into the memory that has been created as a tribute, so that they will never be forgotten.

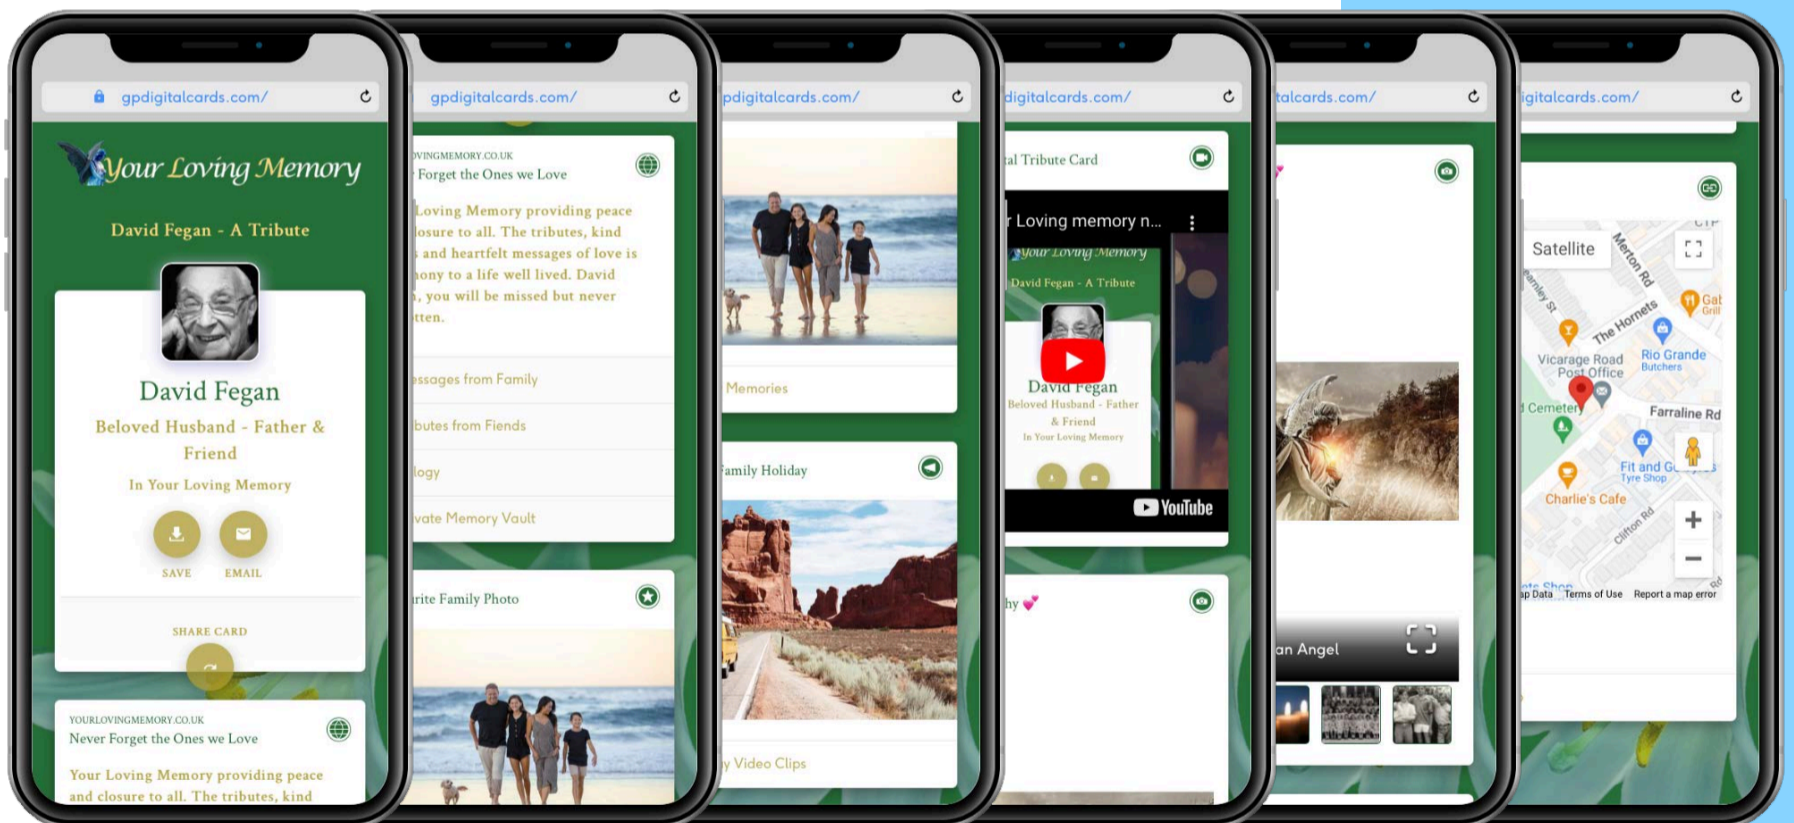

The YLM Digital Tribute is a Done For You service, where our team liaise with the client to collate all the information that the family wish to host on their personal digital tribute.

Each element of the tribute is bespoke, from colours, to backgrounds, images, photos and wording.

The **Sample** below shows the initial Tribute when a Unique QR-Code is scanned.

The Unique QR-Code can be provided as a Graphic Image ready for use on any printed material in the format requested by printers, engravers and plaque makers.

As standard, each Tribute contains a description, messages and final words, links to specific websites of interest, favourite photos, a video, a gallery and place of rest location.

Plus unique QR-Code **(Scan to open David Fegan's Tribute)**

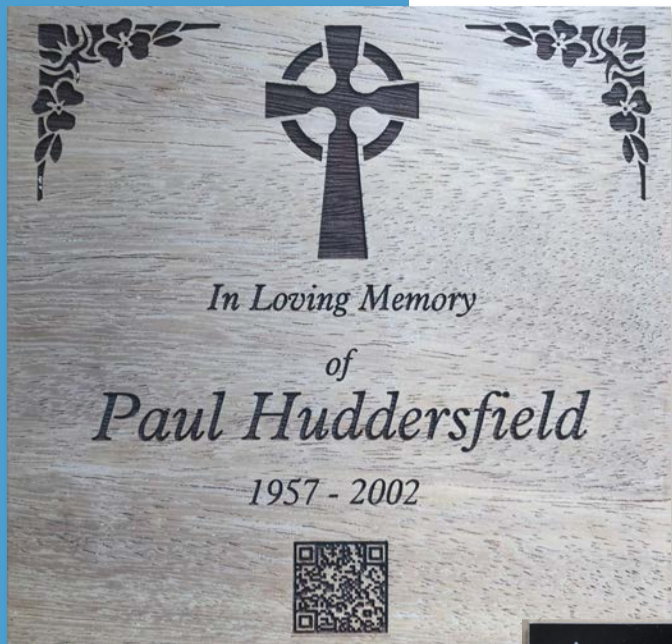

If requested YLM can also provide the plaque ready to add to the place of rest.

## Our Memories keep us Alive

Your Loving Memory allows you to reflect and share everything that was special about a lost loved one. Creating something that will be cherished, leaving a lasting legacy of memories.

Skilled craftsmen and stone masons will be supplied with a **Unique QR-Code** that opens the portal to your Digital Tribute.

Our **Done For You Service** can create a bespoke Digital Tribute to the specifics that reflect the character of the tribute.

## Love doesn't die, People do

In the words of Peter Pan, "to die would be an awfully big adventure", for some it is just the beginning of another chapter, and for others its testimony to a life well-lived.

As the Digital Tribute is shared between family and friends, it is inevitable that more memories will surface, you have the ability to add to your Digital Tribute over time.

As stories unfold and long lost photos come to light, a simple email to our Success Team could see your Tribute updated, ready to share.

## A place of Reflection

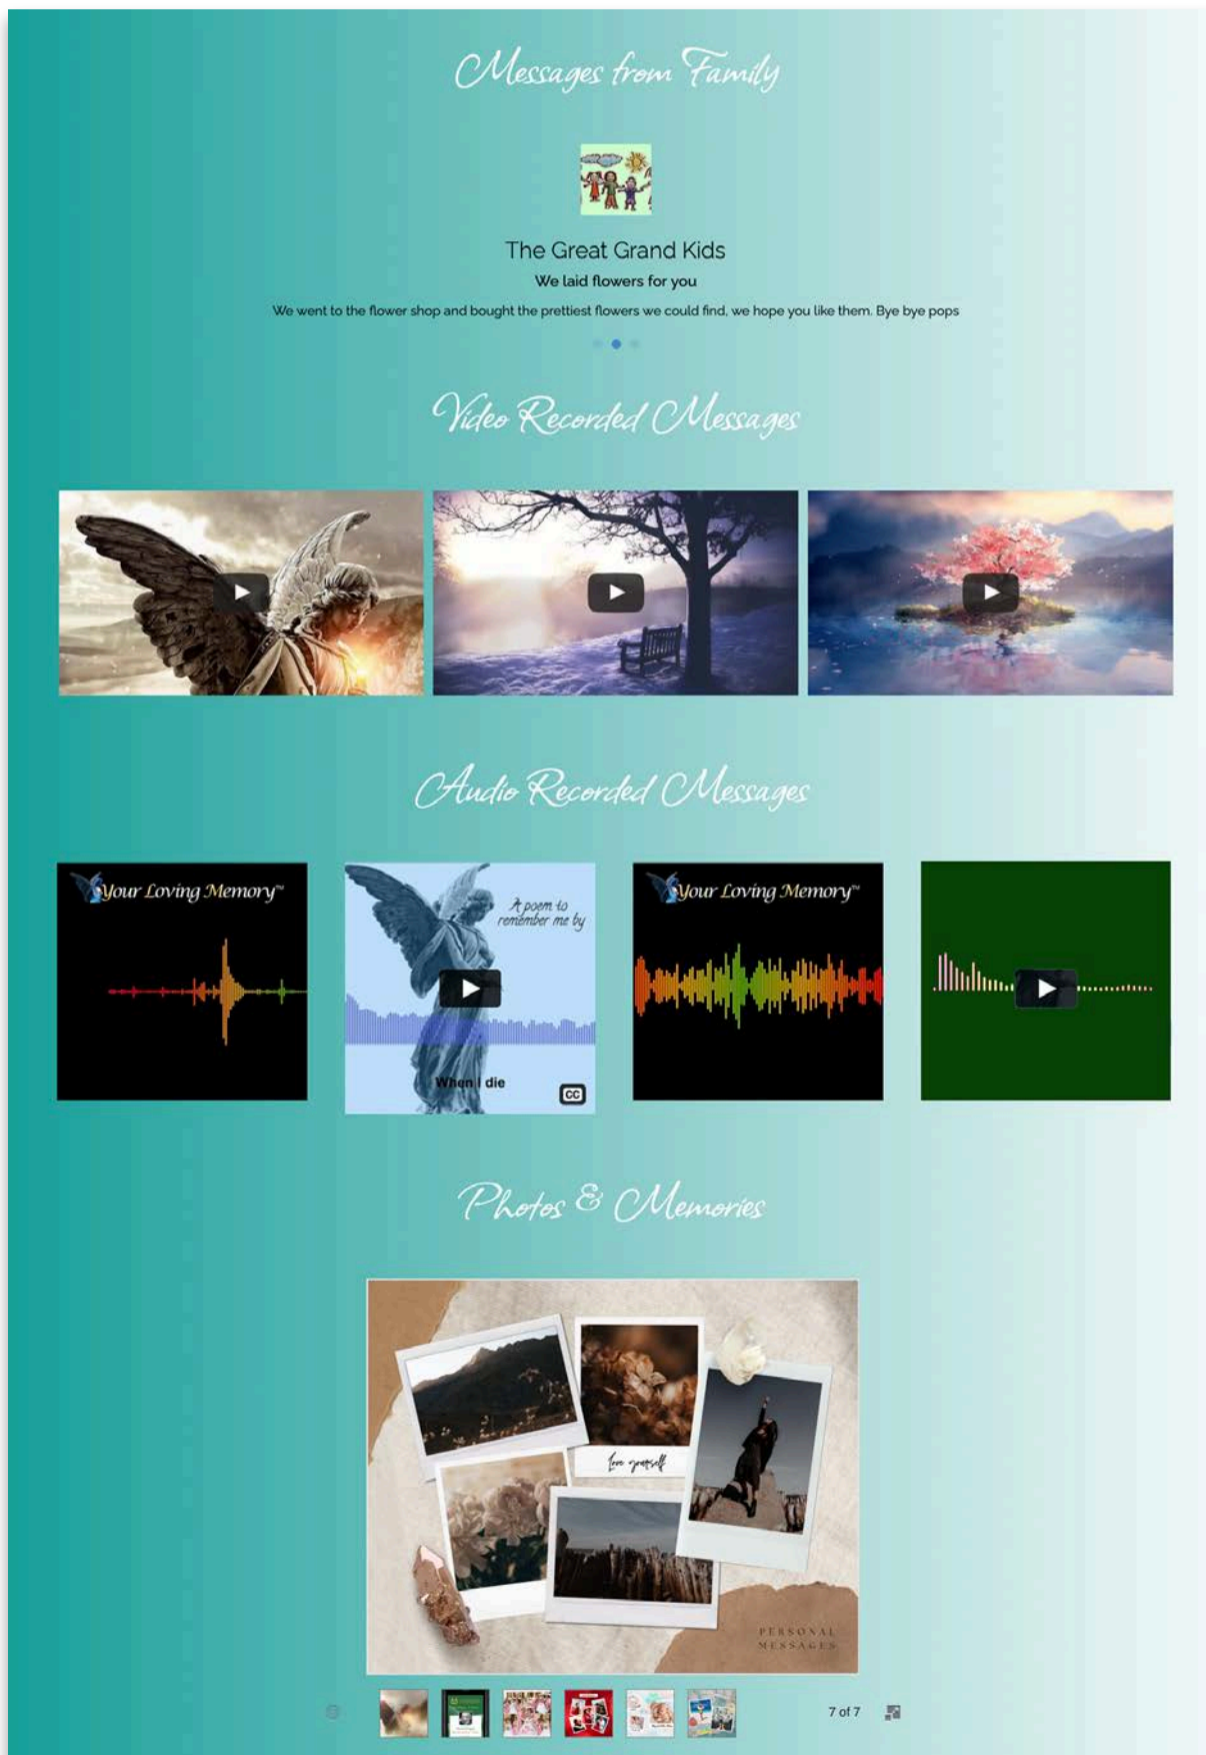

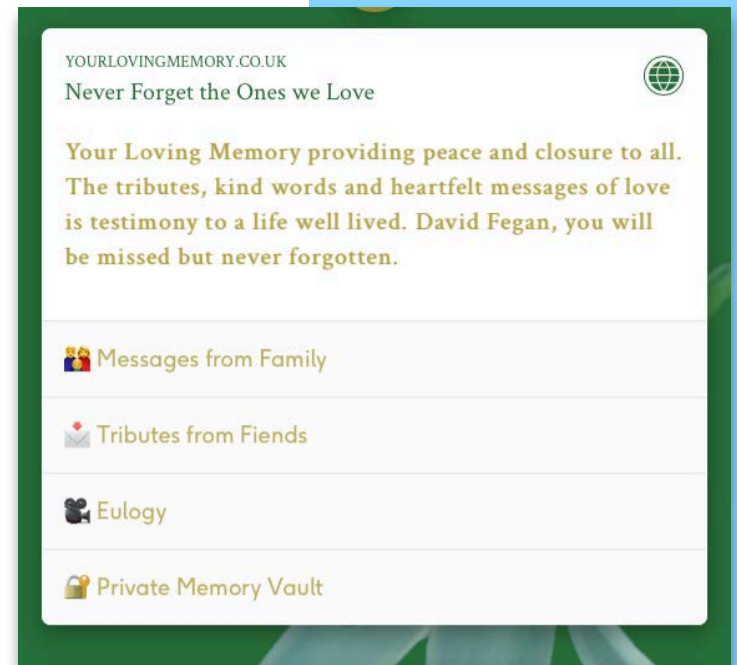

Knowledge & Experience is a precious commodity, a simple act such as dedicating a Bench in a place of reflection and adding a YLM plaque, could Inspire and Educate.

Share your story

Additional pages can be set up as links to host messages from friends & family, more photos and videos, plus audio files for favourite songs, the recording of ceremonies, a eulogy and any special links to websites and places of significance.

Plus a password protected Private Memory Vault for the memories that wish to be out of the public eye.

### Sample additional pages.

The client has complete control over what is displayed on the additional page links.

The YLM **Done For You** service includes adding personal messages and anecdotes to the scrolling Message Board as well as uploading pre-scanned Letters & Sympathy Cards to the Memory Gallery wall.

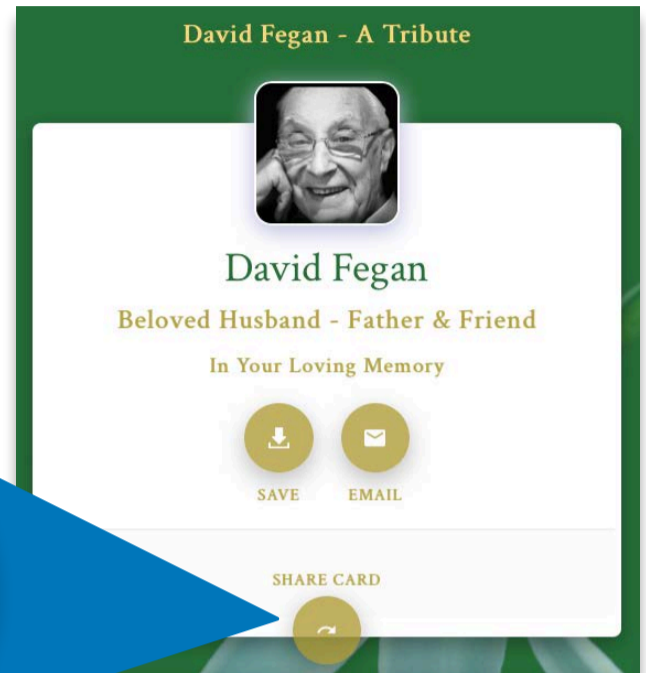

All forms of Audio file messages are converted with a visual display and play buttons to listen to when ever you wish.

Re-live the forgotten times that have been captured on video.

Included within Your YLM Tribute, you can add up to 9 Additional Videos, 12 Audio Messages or Songs to play on demand, Unlimited Personal Messages and an Unlimited Gallery.

## Saving & Sharing - YLM Tributes

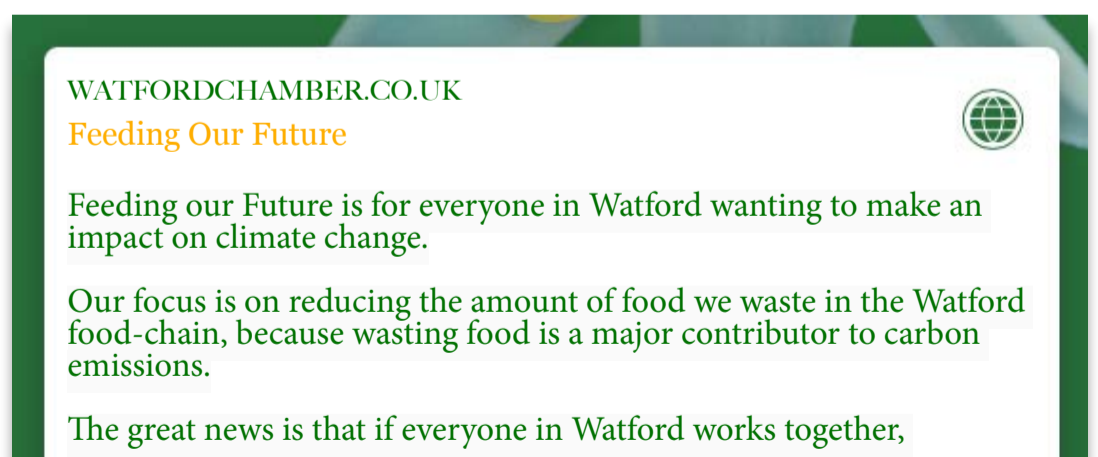

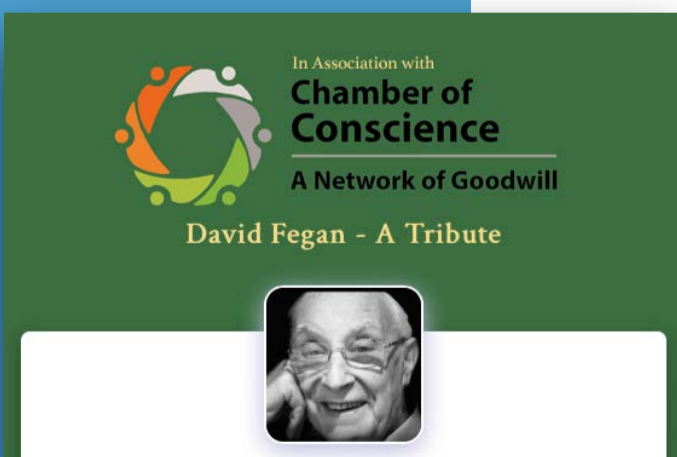

You can Save the YLM Digital Tribute to the Homescreen of your mobile phone as a direct link, giving you instant access to the tribute. This image can be one of the clients choosing.

In addition to the QR-Code, you can use the **Share button** to share tribute by email and text, plus post on social channels.

## Promotion & Brand Placement

Brand each Tribute to promote your services 'The Sponsor'

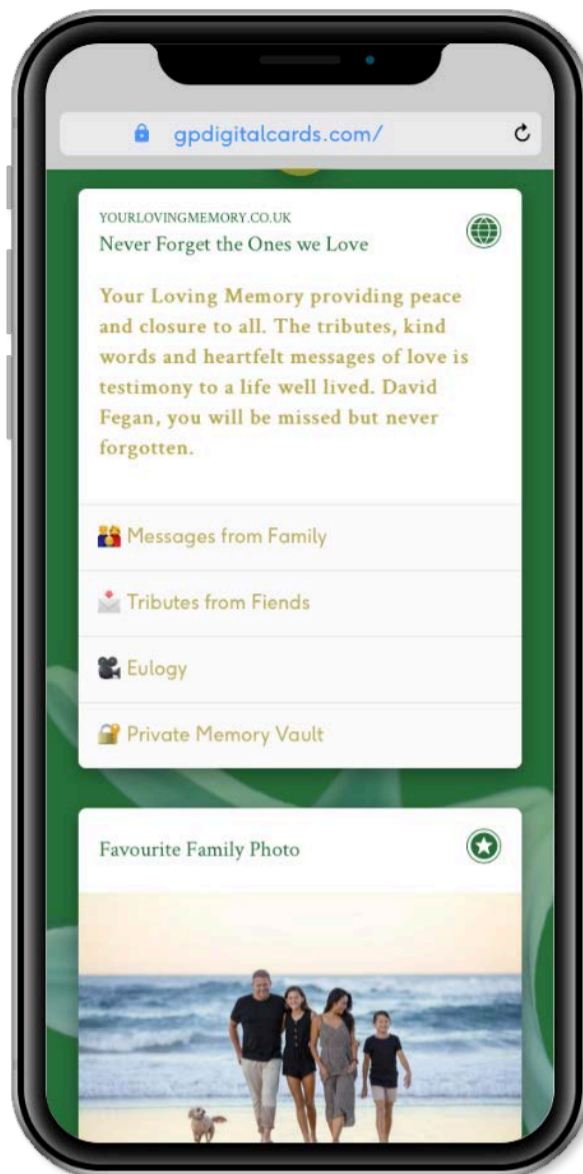

Your Loving Memory Branding can be replaced with Your Logo, helping to promote your services.

A direct link to Your Website and description of your services can also be incorporated within the initial tribute design & set up.

## Your Digital Tribute Includes:

- Links to Message Board
- Links Social Media
- Links to Eulogy
- Favourite Family Photo
- A Main Video of your choice
- Links to Additional Videos
- A Gallery of Remembrance
- A Google Map - Place of Rest
- Your Unique QR-Code
- Private Memory Vault
- Bespoke Images & Colours

The Your Loving Memory Digital Tribute is supplied in partnership with GoPaperless Ltd Digital Card platform.

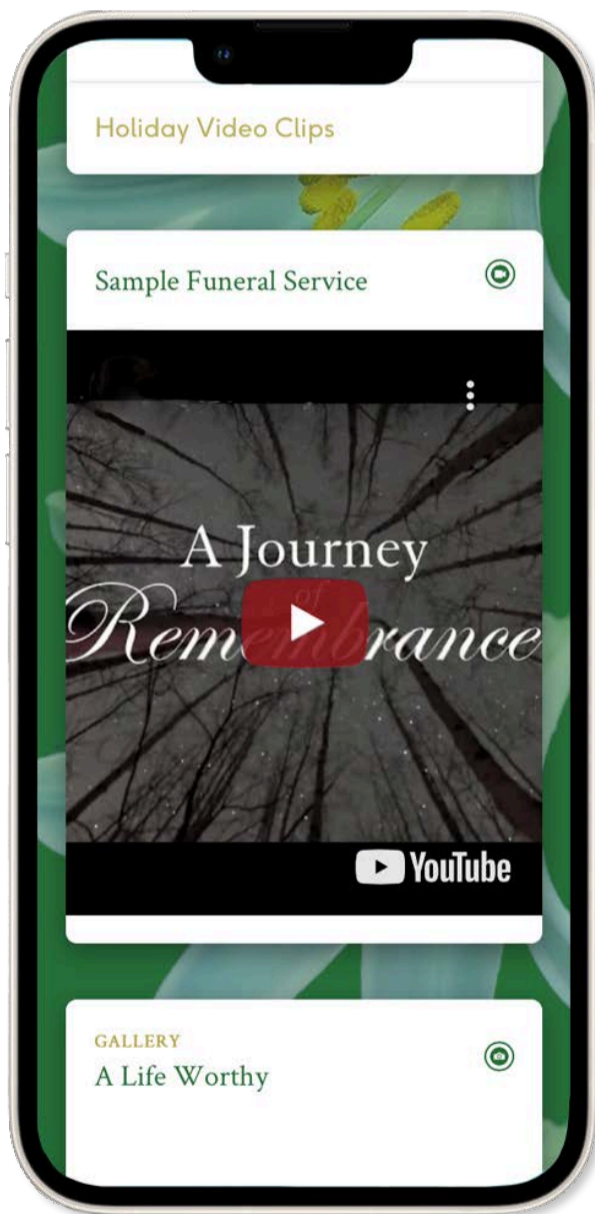

Every Digital Tribute is Uniquely designed for our customers. Every care is taken to ensure that the client receives a fitting Tribute for the loved one it has been created for.

The customer will be supplied with some simple easy to follow instructions, that will enable Your Loving Memory to collate the information required to create their tribute.

The customer will be appointed a Personal Account Manager, whom will liaise with them as the card is created and will be their point of contact for any updates or changes.

Your initial Tribute can play host to messages from loved ones, cherished photo, favourite video, a gallery of unlimited memories and the option to have a link to the burial site.
